

Newsletter

English

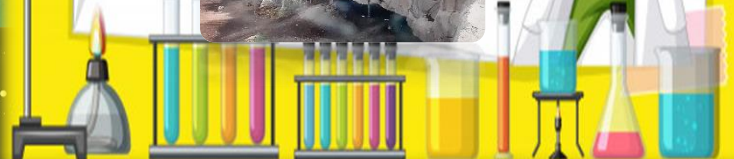

- The students learned about the different text structures of an informational text.
- The students made their own anchor charts based on the story Different Snakes.
- The students learned about contractions with 'not' and 'will'.

Science

In November, students learned about different landforms and bodies of water.

Students connected their learning experience to the nature of UAE. They referred to famous landforms like Jebel Hafit and Moreeb Dune. They also built on their previous knowledge to improve designs through STEM Lab activities. Students also enjoyed San Diego Zoo Virtual Fieldtrip and related it to our Science and English.

Events

- ❖ Crazy Hat Day
- ❖ Children's Day
- ❖ Anti- Bullying
- ❖ Flag Day
- ❖ Virtual Fieldtrip:

Mathematics

Mathematics

Topic 4: Fluently Add Within 100

Topic 5: Subtract Within 100 Using Strategies.

Students learned how to use different strategies to solve addition and subtraction equations. They learned how to use the hundred chart, number line, partial sums, break apart, and mental math.
