## SCIENCE

We learned all about light. Light allows us to see everything around us. Opaque, transparent and translucent.

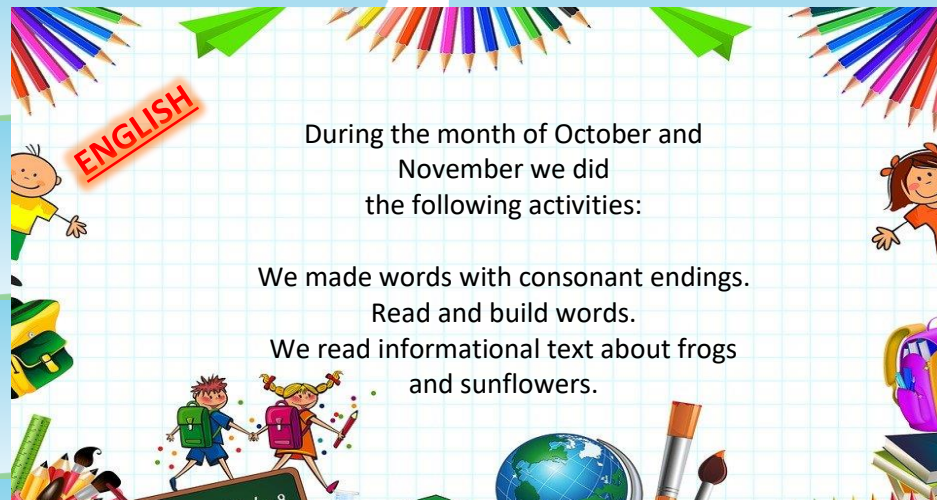

## MATH

Learning all about different strategies to do math. Most used strategy is to use addition to subtract.

## ENGLISH

During the month of October and November we did the following activities:

- We made words with consonant endings.
- Read and build words.
- We read informational text about frogs and sunflowers.

## Events

- Children's Day
- Crazy Hot Day
- Flag Day
- National Day
